**FT-Article-Momentum-investing-is-bad-for-your-wealth-12.07**

Momentum demands a much higher level of trading as investors latch on to the latest winners. Reflecting its more widespread use, a typical fund's annual turnover has risen to about 100 per cent, with average holding periods at 12 months or less. Momentum makes sense for the short-term investor and those keen to minimise short-term risk. But it
